

Translation

I was pleased to hear about the holy Yeshiva “Re’utah” which is situated in the Yishuv of Carmel in the Southern Hevron Hills, the coveted land, the inheritance of our forefathers. I saw the recommendations of the important Rabbis who support the Yeshiva (HaRav Tzvi Tau and HaRav Yaakov Ohev Zion).

And I join them and proclaim that it is a great and important mitzvah to support the learning of Torah and the Yeshiva there. Especially in these days when the wicked rise up against our inheritance, the inheritance of Hashem and intend to strike out against parts of our Land, it is an especially important mitzvah to support and to strengthen the learning of Torah there.

Those who help and assist will be blessed with all the best – spiritually, materialistically, with healthy children and with abundant nourishment, May it be His will, Amen.

HaRav Mordechai Eliyahu, Shilta
Former Chief Rabbi of Israel
